Welcome From the CEO

Dear Candidate

I am delighted that you are interested in our Director of People & Culture role at Generations Multi Academy Trust (GMAT). We are very proud of our Trust and excited about its future.

Leadership of the HR function represents a genuinely exciting opportunity; and the person we appoint to this role will be critical in leading and developing the next stage of our People and wider HR strategy. You will have the scope and opportunity to further develop our HR function and to build on its work to recruit, develop and retain our highly talented, well-motivated and diverse staff body. The executive level of this role gives the successful applicant a challenging breadth of responsibility, with the opportunity to make a significant contribution to GMAT's future development. You will be expected to provide strategic advice to senior leadership and to lead significant HR initiatives, whilst also overseeing the effective delivery of routine tasks including payroll, recruitment, and providing general HR support to staff.

What kind of person are we looking for? The Director of People & Culture will work closely with Trust and academy leaders to lead and direct the Trust's responsive, effective and professional HR function. We are seeking an outstanding leader who will champion the people in our Trust. We require a leader with the ability to develop positive and lasting relationships, combining nurture and compassion with rigour. A leader who enjoys coaching and mentoring, and one who sees development of the next generation of staff and leaders as a privilege. You must be able to thrive on working in a highly aspirational environment; understand the opportunities and challenges of leadership at executive level; and possess the resilience to successfully manage this.

What would you find in us? GMAT strives to deliver the highest of standards within a genuinely happy environment. Our people are our greatest asset and are nurtured and developed as such. You would join our MAT Executive Leadership Team - an exceptionally close and supportive group of people who share a common determination to ensure the very best life chances for young people. Our ambitious and dedicated leaders are supported (and challenged) in this by an experienced and professional group of Trustees.

I hope this gives you an insight into our leadership ethos and very much look forward to receiving your application.

Alison Garner,
CEO of the Generations Multi Academy Trust Board

About the Trust

Generations Multi Academy Trust (GMAT) is a cross-phase Multi Academy Trust based in Cheshunt, Hertfordshire. GMAT currently comprises two secondary schools (Goffs and Goffs-Churchgate) and one primary school (Flamstead End School). Each of the schools is graded as either outstanding or good and the MAT's success has been matched by consciously steady growth, with plans underway for a further primary school (Andrews Lane School), to join the MAT partnership in January 2025. GMAT currently has just under 3,000 students in its care and employs just under 400 staff. In Spring 2023, the MAT opened nursery provision on the Goffs-Churchgate site, with subsidised and term-time only places for staff.

“ I’ve been so impressed with Goffs-Churchgate. My daughter is in Year 7 and is really enjoying her time so far, plus she has come on leaps and bounds academically from when she first started. She really enjoys coming to school, which in turn makes us very happy. It’s a fabulous school; well done to all the staff for making this school what it is today. ”

- Parent

All of GMAT's schools enjoy extremely high levels of applications and are over-subscribed. The schools are within close proximity of each other and share many activities, including CPD for staff. One of the Trust's fundamental principles is that no one school is in any way more important or successful than the other. As such, CPD and other events are rotated through schools in the Trust, with everyone learning from and sharing with each other. This collegiate and collaborative approach permeates our Trust.

Staff and students work in modern, professional environments, with all schools benefitting from recent building projects including a full, £20million rebuild at Goffs. The facilities provide light, modern, professional and a fit for purpose working environment for all.

Notwithstanding a highly challenging funding situation for schools generally, the MAT remains financially secure. Finances are overseen by a Chief Finance Officer with considerable financial expertise in the private sector. The Trust deliberately created an Income Generation function, and extensive lettings and business development work takes place across all sites in the MAT. This additional income – now yielding in excess of £500k per annum – underpins generous levels of staffing at our schools, plus many 'extras' that would otherwise be unaffordable in the current funding climate.

“...staff develop positive relationships with pupils and support them really successfully to work together.”

- OFSTED

Our schools pride themselves on their sense of community – both within the school itself, and in the wider locality. Visitors to our schools unfailingly comment on a very real sense of community, coupled with warmth and pride.

Our schools are members of Cheshunt Extended Services (ChExS), offering a variety of extended school and community-based activities for both students and parents. Our students actively support local charity work such as the Isabel Hospice and maintain strong links with our local primary schools.

Our schools are proud to be truly community-based schools, with students and staff from different religions and a number of languages spoken in each school. As a Trust we recognise and celebrate what makes us unique and different, and acknowledge that we are also part of one community. Our aim is for everybody to feel valued and respected and we strive hard to ensure we create a positive culture within the schools to enable this to happen.

“ Pupils enjoy learning and benefit from the high ambition leaders have for their education. ”

- OFSTED

Vision and Values

The name “Generations” was deliberately chosen to reflect the MAT’s desire to educate and nurture children from their earliest days at school and the MAT is extremely clear about its daily purpose, reflected in its motto of “No Set Destiny for Any Child.” All of our schools, leaders and staff fiercely believe in the life-changing nature of education and work tirelessly to that end, day in and day out. There is no set destiny for any of the children in our care; rather, our daily work across the piece allows children to forge new futures and destinies.

Whilst each school within the Trust is encouraged to have its own identity, with its own vision and values, fundamentally there is alignment across the schools where the Trust is committed to ensuring:

- No set destiny for any of our children
- Quality first delivery day in and day out
- The highest standards of achievement for each child, driving upward social mobility for all children in our care
- Robust and effective leadership and governance
- The highest standards of financial/ business delivery, ensuring that the Trust’s business operation underpins the delivery and work of all of our academies
- Personalised, high quality professional development for staff, ensuring a highly skilled workforce (including opportunities for identification and dissemination of effective practice, and engagement in research and development)

Staff Development

The Trust has a culture of high aspiration for both its children and its staff. As such, the Trust has an extremely strong reputation for staff development, for both teaching and support staff. Developing the next generation of school leaders is a responsibility that we take very seriously. We have a full suite of staff leadership development opportunities which staff can engage with, be they an ECT or a highly experienced colleague.

We offer personalised training for staff which best meets their needs, including the opportunity to do a research project in partnership with Cambridge University or external professional accreditation. Many staff use their designated development time to coach others or to receive coaching, as we place a lot of emphasis on 'on the job' training and support. A thorough induction scheme is available to all new staff, and mentors/ buddies are assigned to ensure new staff feel welcome and able to confidently settle into GMAT's ways of working.

*Leaders and staff
are united in their
vision on moving the
school forward.*

- OFSTED

Leadership Development

The Trust has its own Leadership Academy for both staff and student leadership development. The staff programme specifically provides opportunities for aspiring middle and senior leaders. All leadership development pathways are personalised for the individual and staff receive one to one support from a mentor alongside working on a whole school project. All staff are welcome to join the Leadership Academy at any point in their career.

A full suite of leadership training is offered with a comprehensive range of sessions including, but not limited to: Developing your leadership approach; Building a high performing team; Using data for impact; Fostering positive behaviour for learning; and Leading and managing innovation and change.

Living and Working in the Area

The Trust is located in Cheshunt, Hertfordshire, and is uniquely situated to benefit from the many green spaces in the surrounding area, whilst also enjoying transport links to central London and other large urban areas. The Lee Valley park, including the White Water Centre, built for the London 2012 Olympics, is located on our doorstep.

The journey to central London takes approximately 30 minutes by train. Close links to the A10 and M25 mean that the school is easily accessible from across Hertfordshire, as well as from north London and parts of Essex.

Cheshunt has a vibrant, diverse community and has experienced significant development in the past year, with further plans to create a new town centre with leisure, retail and office spaces, in addition to 1,500 new homes and 2,500 new jobs, with the Leader of Hertfordshire County Council stating: *“These innovative and important projects will help us make sure that Hertfordshire remains a wonderful place for families to live, work and learn.”*
